HOW TO BE A GOOD FRIEND?

1. BE RELIABLE

If two people don't trust each other, they can't be friends. No trust means no friendship, so never tell lies to your friends. Also,

never share your friends' secrets with others. If you share them with others, nobody will trust you.

2. HELP YOUR FRIENDS

Good friends always support each other. Good friends show themselves in bad times. They never leave their friends alone when they need help.

Support your friends but never talk about it.

3. CALL YOUR FRIENDS

Being friends on Facebook is good, but it is not enough. You should call or text your friends, too. Call your friends and say, "Hello! How are you?" and have a chat with them. You don't need any reason. Your friends will feel great.

4. LISTEN TO YOUR FRIENDS

Not listening to each other is a big problem. Of course, we listen to our friends, but do we really understand

them? You should listen to your friends' ideas, needs and problems carefully. Friendship is understanding each other and sharing feelings.

5. REMEMBER SPECIAL DAYS

Never forget to celebrate your friends' special days like birthdays. You should join their parties and be with them. You can buy a present for them, too.

C Mark the sentences as T (True) or F (False).

1. A good friend should always give parties. ☐
2. A good friend always talks about himself/herself. ☐
3. A good friend backs her/his friends up. ☐
4. A good friend never tells lies. ☐
